Website Development Quotation

Custom Business Website with Built-in Admin Panel

Date: 30 October 2026

> **Total Project Cost: ₹25,000** Fixed and all-inclusive. Payable before launch, with no advance payment required.

1. Project Overview

We will design and build a modern, fast, mobile-friendly website for **[Company]**, styled after the reference design you selected. The design will be original to your brand; no code, images or text are copied from the reference.

The site is built with **Next.js** and comes with its own **admin panel**. After launch, your team can update text, images, contact details and other content without a developer.

2. Scope of Work

The quoted price covers everything below.

Deliverable	Details
Design	Custom layout based on the reference, using your logo and brand colours; one design direction with 2 rounds of revisions
Pages	Up to 5 pages, e.g. Home, About, Services/Products, Gallery, Contact, plus Privacy Policy and Terms
Responsive Build	Works on mobile, tablet and desktop; tested on Chrome, Safari, Edge and Firefox
Admin Panel	Secure login at yourdomain.com/admin to edit the website's content (see Section 3)

Deliverable	Details
Animations	Smooth scroll and fade-in effects, image sliders and galleries
Images and Text	Professional royalty-free images selected by us, and website text prepared from your business details
Contact	Contact form that sends enquiries to your email address
SEO Basics	Page titles and descriptions, sitemap, social share previews
Performance	Optimised images and fast page loads
Launch	Connected to your domain with SSL (https) and hosted on your own account
Handover	PDF user guide with step-by-step screenshots of the admin panel

---

3. What You Can Edit in the Admin Panel

Changes you publish go live on the website within seconds, with no developer involved.

- All headings, paragraphs and button text on every page
- All images, photos and the logo (with cropping and alt text)
- Page sections: show, hide, reorder or duplicate the built-in sections
- Gallery, products or services: add, edit or remove items
- Testimonials and team members
- Header menu and footer
- The email address where enquiries are delivered
- Page titles and descriptions shown on Google and in social shares

Note: The admin panel works with the section designs built in this project. Adding a new type of section, a new feature or a redesign is not part of the admin panel.

4. Cost Breakdown

The total is a fixed, all-inclusive ₹**25,000**. No other development charges apply for the scope above.

#	Item	Amount (₹)
1	UI/UX design and revisions	5,500
2	Website development (Next.js, responsive, animations, images and text)	10,000
3	Admin panel setup and configuration	6,500
4	Email contact form and SEO setup	1,500
5	Domain connection, launch and PDF user guide	1,500
	Total	**₹25,000**

The website and admin panel are hosted on free plans that allow commercial use, so there is no monthly hosting fee. The only running cost is the domain renewal (about ₹1,000 a year), paid directly by you to your domain provider.

---

5. Timeline

The website goes live about **3 weeks** after you share your logo and confirm the go-ahead.

Week	Milestone
Week 1	Design of the home page, then the remaining pages after your feedback
Week 2	Development of all pages and setup of the admin panel
Week 3	Your review on a preview link, fixes, launch on your domain and handover

The timeline depends on receiving your logo and feedback on time. Delays in feedback or approvals move the launch date by the same amount.

---

6. Payment Terms

No advance payment is required. The full amount of **₹25,000** is payable before launch, once you approve the website on the preview link.

---

7. Terms and Conditions

1. **Ownership:** After payment, the website, its design and all accounts (domain, hosting, admin panel) belong to you and are registered in your name.
2. **Content:** You provide only your logo. We select all other images (royalty-free) and prepare the website text from the business details you share.
3. **Revisions:** 2 rounds of design revisions are included. Layout changes requested after the design is approved are treated as new work.
4. **Warranty:** For 30 days after launch, any bug or defect in the delivered work is fixed free of charge.
5. **After the Warranty:** All content updates are done by you through the admin panel. New features, new section types, redesigns or extra pages are not covered by this quotation and are quoted separately on request.
6. **Not Included:** Custom photography, logo design, e-commerce or online payments, multiple languages, and paid third-party services or licences.
